OUR COMPANY

Global Vision Saudia's is one of the evolving leading and trustworthy construction firm in the Kingdom of Saudi Arabia . It is a 100% Saudi owned Organization, holding a bold vision, strong entrepreneurial spirit and devotion to customer satisfaction, excellence in product delivery with safety and quality.

GVS is one of the contemporaries and progressive organization that obtains a vision to provide high end construction quality services capable to meet the ever growing industrial and commercial needs.

We are a company that construct an excellent, high quality, environment friendly, and efficient construction services and products to our business clientele. With our passion and commitment to serve the best services, we have established strong relationships with our clients and closed various construction projects. Significantly, we expand into the commercial and industrial contracting market to improve profit margins and increase local market share.

OUR VISION

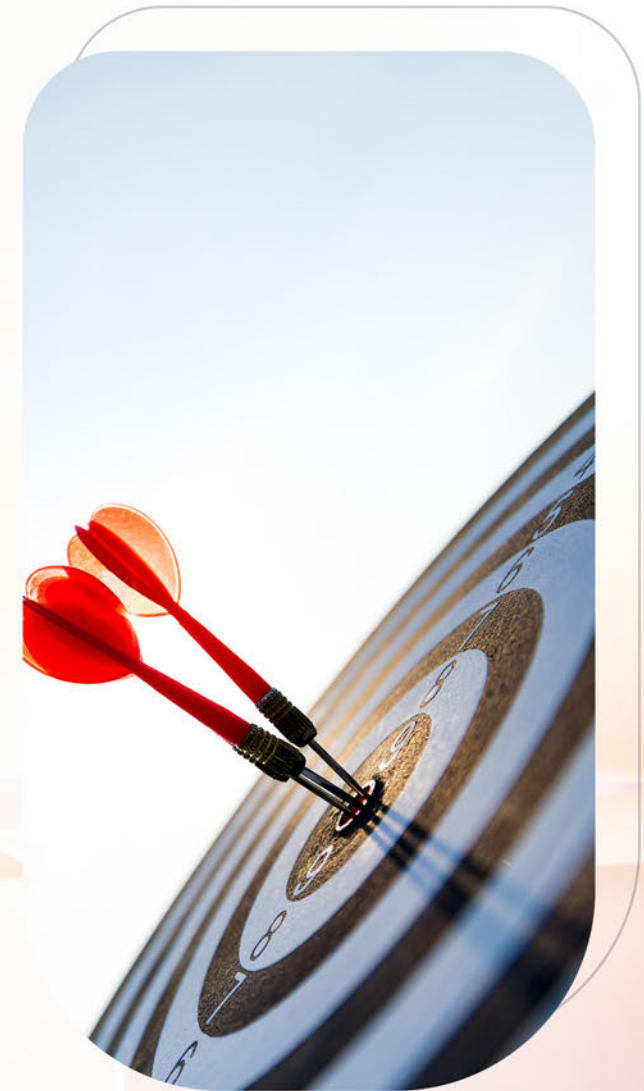

Global Vision Saudia's mission is to satisfy our clients with our excellent, high-quality, and sufficient construction services and products, as well as our team's passion and commitment.

To construct long term relationship of value with our clients and partners, using quality engineering, construction & procurement solution and employing the best resource and latest techniques.

OUR MISSION

Global Vision Saudia's vision is to be the top choice in the market when it comes to building and infrastructure construction. We envision to be the leading construction firm inside the kingdom that provides efficient and high-quality construction services to the communities and end users.

We are committed to be the leading global firm for engineering, procurement and construction, industrial trading, and project management by adopting best practices from resource to market with due care to environmental and social sustenance.

OUR ORGANIZATIONAL STRUCTURE

OUR BUSINESS SERVICES

Global Vision Saudia General Contracting is a fully integrated construction firm specializing in commercial and industrial construction that offers traditional General Contracting Services for Engineering, Procurement & Construction, as well into Trading & Manpower Supplementary Support .

CIVIL AND INFRASTRUCTURE WORKS:

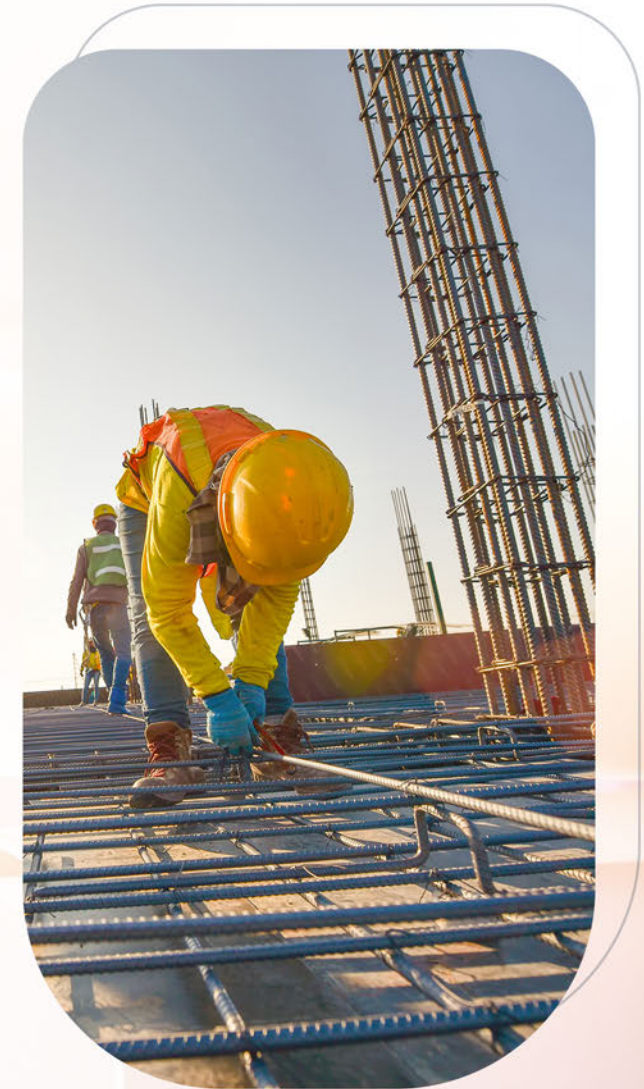

“CIVIL INFRASTRUCTURE & UTILITIES”

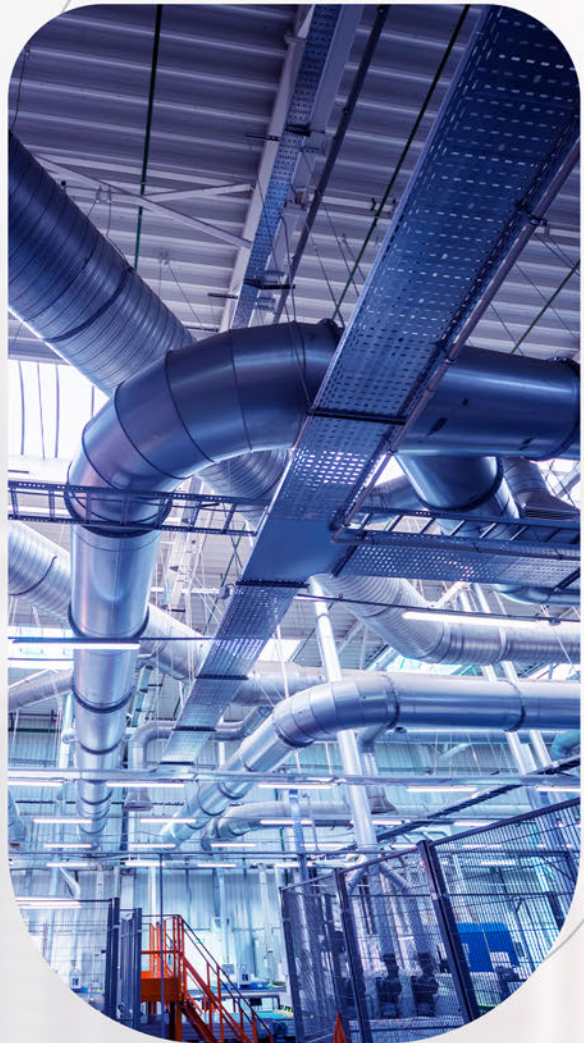

Civil underground and above ground infrastructure\systems and utilities:

- Fire, cooling and drinking water systems, water storage and distribution systems, drainage systems, waste water systems, storm-water, pavements, sewer lines, underground water tank, pipelines.

“GENERAL BUILDING WORKS”

- Construction of office and commercial buildings, hotels, hospitals, clinics, laboratories, dining halls, support shop buildings, villas, hotel, warehouse, temporary facilities and security gates.
- Building & Community Housing Maintenance
- Residential Construction
- Road Construction / Site Preparation and Development
- Repair and Rehabilitation
- Surface Preparation and Coating
- Backfilling, Excavation and Piling Works
- Pipeline Repair and Reconditioning

OUR BUSINESS SERVICES

ELECTRO-MECHANICAL ERECTION & INSTALLATION WORKS:

ELECTRICAL WORKS

- Cable laying & termination
- Control Panel Installation & Commissioning
- Control Room Services
- Fire alarm systems
- Instrumentation

MECHANICAL WORKS

- Piping (CS, SS, GRP, PPR, RTRP, P91, P22)
- Motor & Pumps Erection
- Steel Structure Fabrication
- Welding Works
- Insulation Works
- Fire protection Networks

HVAC SYSTEM WORKS

- Duct works & Insulation Works
- Complete Central AC Systems
- District Cooling Systems

OUR BUSINESS SERVICES

OPERATION & MAINTENANCE:-

- Building Concrete Pads
- Cutting And Installing Dock Doors
- Repairing Floors
- Remodelling Offices
- Adding On to Buildings
- Digging Foundations
- Pouring Driveways and Curbing
- Replacing Metal Door Panels and Frames
- Installing Stairways
- Building Hand Rails
- Repair Of Roofing

TRADING SERVICES PROVIDER:-

- Distributor of consumable quality products for civil, electrical & mechanical construction and industrial works.
- Specialize distributor of guard protection products for concrete solution

OTHER SERVICES PROVIDER:-

- Supplementary manpower support services
- Equipment rental support services
- Janitorial & housekeeping support services

MAJOR ON GOING PROJECTS

SN	Name of On-Going Projects	Brief Project Description of Works	Project Site Location	End User	Main Contractor / Client	Sub-Contractor Project Cost Value (SAR)	Start Date	Status

LARGEST PROJECT EXECUTED

Project Title:

Saudi Aramco Master Gas System (MGSE)
Expansion Phase II - Booster Gas
Compression (BGC) I, III & V

Project Location / BGC Stations:

BGCS I – AL HASSA, KSA
BGCS III – KHURAI, KSA
BGCS V - DHURMA, KSA

End User:

Saudi Aramco Oil & Gas

Main Contractor / Client:

SEPCO Arabia Co.

Project Work Scope executed under each site location:

- Site preparation works for the Construction of Temporary Facilities at BGCS I, III, & V;
- Site Preparation & Site Development works for Main Site Construction.
- Construction of Saudi ARAMCO Project Management Team (SAPMT) Camp & Site offices.
- Stormed Water Drainage & Excavation of Soil & Rocks.
- Steel Structure Erection & Welding.
- Asphalt Road Works and Pavement.

PROJECT VALUE:

SAR 128,315,121.00

PROJECT STATUS:

COMPLETED
15 March 2018

MANPOWER SUPPLEMENTARY SERVICES

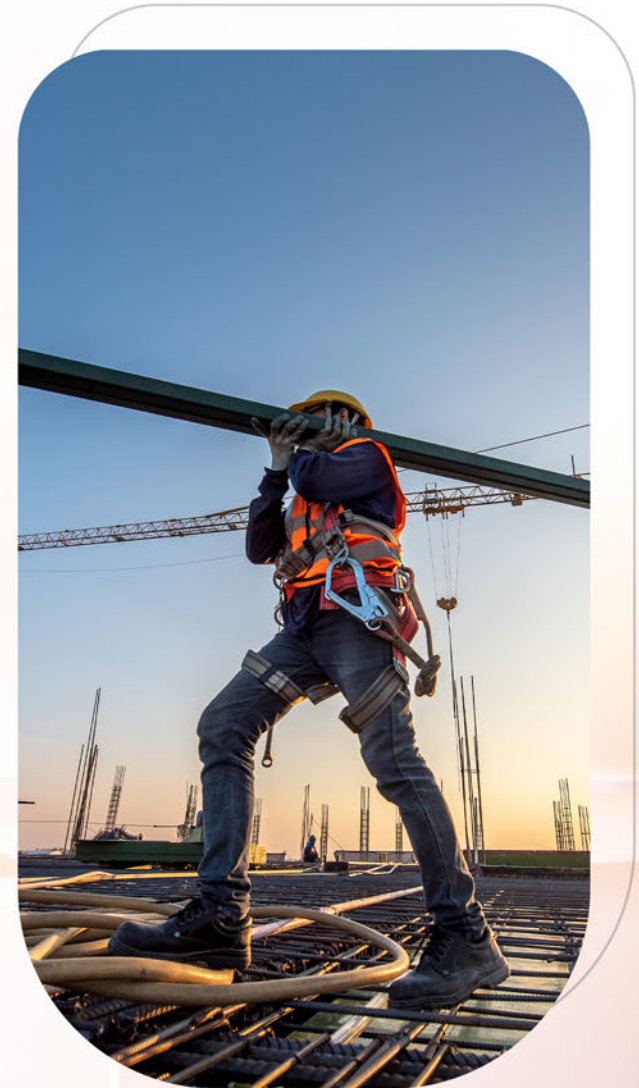

MANPOWER SUPPORT

GVS provides a wide range of Supplementary Support Services such as:

- Manpower Resources that successfully served the needs of Oil and Gas Refineries, Petrochemical Plants, Steel Plants, Fertilizer Plants, Desalination Plants, Energy & Power Industry, Building and Infrastructure Commercial Projects in Saudi Arabia generating the highest value-added service team exceeding the customer expectations.
- Specialized Skilled and Certified Assessors
- Onsite and Camp Medical and First Aid/Safety Services
- Office Staff and Labor / Skilled Rental Workers

With one of our Company's Service rendered, we are extremely confident of our ability to respond to the demands and requirement of our clients, we guarantee that all our Manpower Supplied Personnel:

OUR TRADING SERVICES

Global Vision Saudia General Contracting is locally base distributor and provides all types of consumable quality products for Civil, Electrical & Mechanical Construction and Industrial Works.

OUR TRADING SERVICES

HARDWARE & SAFETY EQUIPMENTS

Road Barriers, Barriers, Safety Fence, Safety Cones & Pillars, Barrier Tapes, Speed Humps, Wheel stopper, Road stud safety vests, Saety Helmets, Shoes, Goggles, Safety Belts, Cover All, First Aid, Protection Cotton Gloves, Leather Gloves, Welding Gloves, Rubber Gloves, Acid & Chemical Gloves, Electricals Gloves, Electrical high voltage gloves etc. All type of Fire Extinguishers, Eye Washers& Shower fire Hoses, Valves, Nozzles, Fire Blankets, Fire Fighting Suits, Full Body Hamess, Lanyard, Splint Stretchers etc. All type of warning lights and safety signs. We supply all type of Hardware and accessories

MACHINERIES & POWER TOOLS

- * Mobile Cranes, Forklift trucks, Warehouse Equipments.
- * Construction Equipments, Industrial equipments.
- * Maintenance equipments, Welding machines.
- * Repair & Maintenance and Rentals of lifting equipments.
- * All kind of Drilling Machines, Grinder, Circular Saw, Planner.
- * Spray paint guns, Jig saw, Jack hammer, Electrical sheers.
- * Routers and Gardening Equipments.

OUR TRADING SERVICES

Global Vision Saudia General Contracting is specialize and provides Guard Protection Products for Concrete Solution.

GUARD CLEANER' ECO
MAINTENANCE

CONCENTRATED CLEANER FOR THE MAINTENANCE OF CONCRETE
PROTECTED BY A GUARD INDUSTRY PROTECTION PRODUCT

- ✓ MAINTAIN SUBSTRATES PROTECTED BY THE PROTECTGUARD' RANGE
- ✓ DOES NOT ALTER THE PROTECTION
- ✓ ECOLABEL FORMULA CERTIFIED FOR CONTACT WITH FOOD
- ✓ DISSOLVES GREASY STAINS AND DIRT
- ✓ EXTERIOR AND INTERIOR

IMPERGUARD' CE
SPECIAL CONCRETE

PROTECTION OF CONCRETES AGAINST WATER,
HUMIDITY AND CHLORIDES.
MEETS STANDARD EN 1504-2:2004.

- ✓ PROTECTION AGAINST WATER
- ✓ PROTECTION AGAINST CHLORIDES AND CARBONATION
- ✓ NON FILM-FORMING, LETS THE SURFACE BREATHE
- ✓ 5 YEARS EFFICIENCY
- ✓ ODOURLESS AND INVISIBLE
- ✓ FACADES AND WALLS
- ✓ OUTDOORS

IMPERGUARD' SV

WATER REPELLENT FOR CONCRETE

- ✓ PROTECTION AGAINST WATER
- ✓ NON FILM-FORMING: LETS A SURFACE BREATHE
- ✓ PENETRATES IN DEPTH
- ✓ CLEAR PROTECTION
- ✓ UV AND ABRASION RESISTANT
- ✓ INTERIOR AND EXTERIOR

GUARD CLEANER' ECO
MAINTENANCE

CONCENTRATED CLEANER FOR THE MAINTENANCE OF CONCRETE
PROTECTED BY A GUARD INDUSTRY PROTECTION PRODUCT

- ✓ MAINTAIN SUBSTRATES PROTECTED BY THE PROTECTGUARD' RANGE
- ✓ DOES NOT ALTER THE PROTECTION
- ✓ ECOLABEL FORMULA CERTIFIED FOR CONTACT WITH FOOD
- ✓ DISSOLVES GREASY STAINS AND DIRT
- ✓ EXTERIOR AND INTERIOR

OUR CONSTRUCTION CAPABILITIES AND ASSETS

PROCUREMENT CAPABILITY

Global Vision Saudia General Contracting's highly qualified and experienced procurement support and buyers have at their fingertips, not only the resources of Saudi Arabia and the Middle East, but also the resources in the International Market. Having such vast purchasing resources ensures that entirely any client requirements can be satisfied.

- **Methodology in Material Storage & Handling**

Material storage and handling unit is staffed by proficient personnel and operators to ensure proper inventory of materials as far as minimum level, and shelf-life of various products are constantly monitored and properly identified in individual racks. Special care is always given to mishandling of any items.

- **Detail of Timelines, Design and Working Conformity of Materials and or Equipment Procured**

GVS General Contracting's Procurement Unit in coordination with QA/QC Unit will be responsible for the appropriateness, design, working conformity of materials and/or equipment's sourced GVS General Contracting.

The Procurement will be required to render regular reports on the status of materials/equipment's placed on order and monitor the movement of the materials taking into consideration the critical project milestone, thus avoiding any delay in project execution.

QA/QC Unit will likewise be responsible for the quality of the materials and equipment's received and renders such reports as may be necessary. Aberrant items will be reported immediately and actions subsequently implemented to avoid any impact in the project execution timetable.

- **PROCUREMENT OF CONTRACTOR SUPPLIED MATERIAL AND EQUIPMENT**

All material and equipment specification shall be submitted to Client for review prior to issuance. Similarly all requests for quotation and purchase orders shall be submitted for Client's review prior to issuance.

Our Procurement Manager will lead all activities related to Procurement including establishing project specific systems and procedures in order to ensure that the materials are procured in accordance with Contract's specification and quality standards, Purchases, Expediting, Inspection and Factory testing, etc., all will be reporting to the Project Manager.

OUR CONSTRUCTION CAPABILITIES AND ASSETS

TECHNICAL CAPABILITY

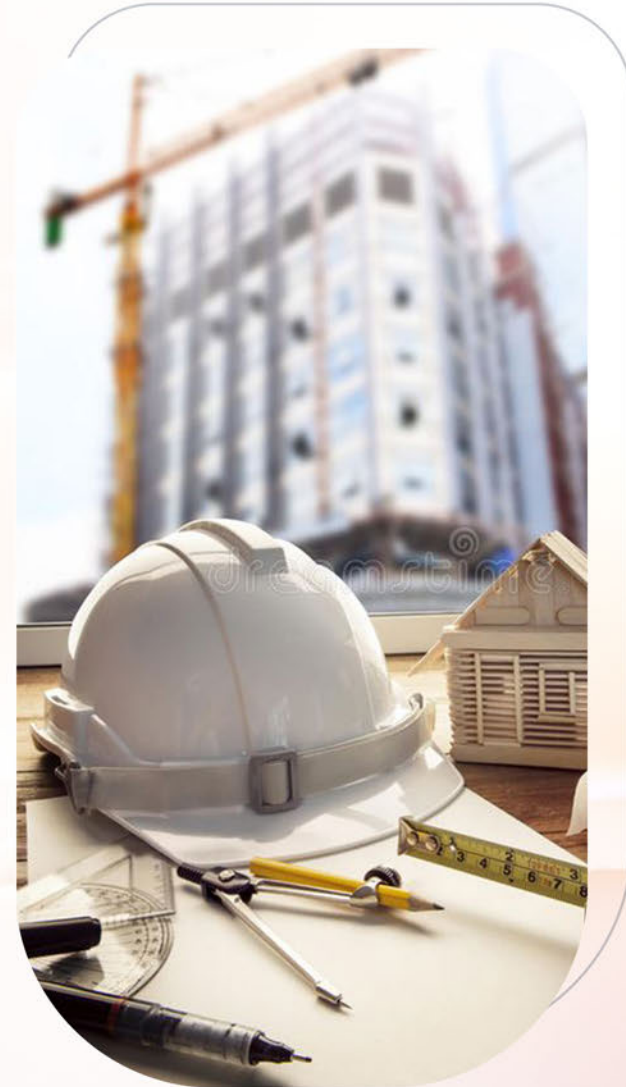

GVS Technical Process Consists of:

- Target Value Design
- Cost Control
- Cost Estimating
- Constructability Reviews
- Last Planner / Short-Interval Planning
- Life Cycle Cost Analysis
- Scheduling
- Subcontractor Selection
- Material Procurement

Project Management and Construction Method:

GVS Project Management Consists of:

- Concepts and Terminology
- Purpose of Software Project Management Plans
- Structure of Project Management Plan
- Project Responsibilities & Matrix
- Team Structures
- Project Planning
- Work Breakdown Structure
- Communication Management
- Project Scheduling
- Project Management Tools

OUR CONSTRUCTION CAPABILITIES AND ASSETS

PROJECT SCHEDULING

GVS Construction Services use a standard project Controls System which can be modified to accommodate preference or specific requirement determined by the Client/Project Owner.

GVS Construction Services Scheduling System uses the latest version of Primavera Database Program.

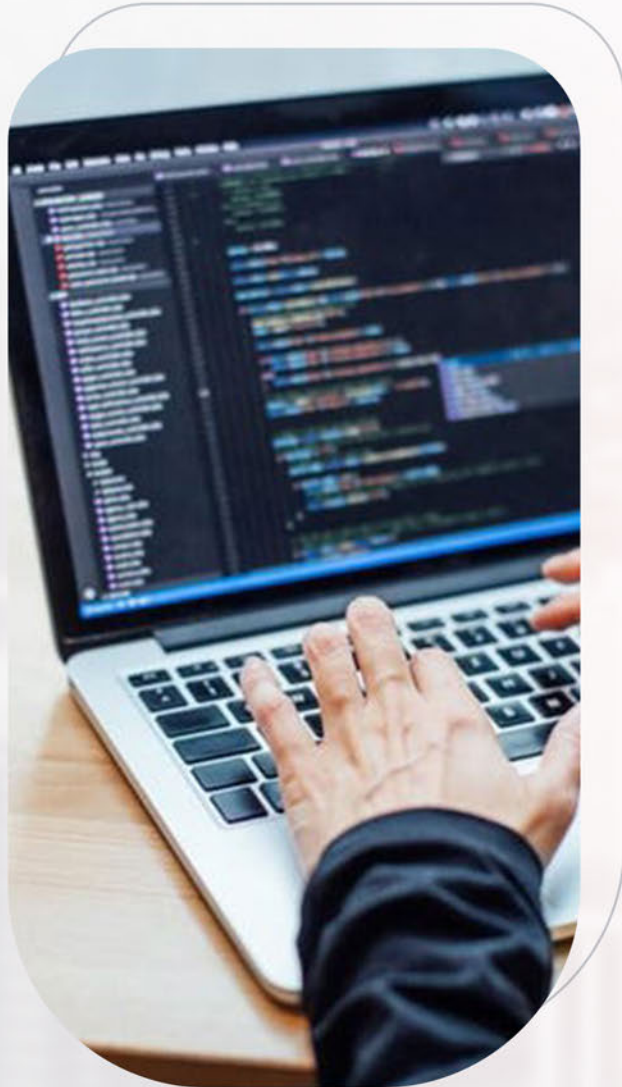

GVS Construction Services develops four (04) levels of scheduling and controls the Engineering, Procurement and Construction (EPC) activities.

GVS Construction Services project schedule incorporates the contract completion date and key milestone dates and will indicate the relationship of the activities of the Client/Project Owner, GVS and other parties.

- Level 1 Milestone Schedule depicts major progress milestone.
- Level 2 Milestone Schedule displays typically 50/ 200 project activities, including restraints and dependencies.
- Level 3 Activity Schedule contains typically 1000 activities, and is sorted by construction work package.
- Level 4 Detail Schedule tracks due dates for project drawings, tasks and installed quantities.

GVS Construction will schedule the entire project, from start to finish. By identifying key milestones, we will be able to drive towards project completion in an organized and predetermined manner.

- Define all design and construction activities including approval milestones
- Prepare preliminary and final CPM schedules using Primavera software
- Develop project sequencing plan
- Solicit subcontractor input
- Progress Meeting with the client, proponent and consultant

OUR CONSTRUCTION CAPABILITIES AND ASSETS

MATERIAL TAKE-OFF (MTO)

Following award of the project, the Project Management Team shall endeavour on checking the required material take-off lists within 30 days for feedback to Client's Representative.

The lists shall be in the following format:

- Project Description of Each Item
- Project Quantity
- Technical Specification
- Client's Material System Stock Number, if applicable

TECHNICAL SOFTWARE

Computer software/system use for construction services:

- Financing the project, and accountancy
- Microsoft Dynamics EPR Software Estimation
- B2W ver.2015 Project Management Software
- Budget and cost management
- Microsoft Dynamics EPR Software
- Planning and scheduling the project work
- Primavera P6 ver.2015 and B2W ver.2015
- Design & Drawing
- Revit, AutoCAD, Micro station V8, 3D Max
- STAAD 2007, SAP 2000, PROKON, ETAP Ver.9
- ETAP Study
- Carrier HAP

QUALITY POLICY STATEMENT

- GLOBAL VISION SAUDIA'S fully identifies and conforms to the needs of our customers and improving customer satisfaction.
- Monitor and review our service provision and processes, identifying potential errors and implementing the necessary actions to eliminate them.
- Provide extensive staff training, promoting a 'do it right first time' attitude towards quality.

It is the responsibility of GVS Management to demonstrate the necessary commitment and leadership to create a culture of High-Quality Standards and Continuous Improvement:

- Each manager, supervisor and employee are responsible for complying with requirements and meeting GVSs quality standards and is accountable for his or her individual performance and the performance of those working under his or her supervision
- GVS shall ensure that all contractors apply quality standards which are fully compatible with those of GVS..
- GVS shall provide adequate resources and training to ensure work is carried out safely and professionally.
- GVS shall ensure that all Quality incidents are fully notified, investigated and that corrective action is carried out and communicated across the business.
- GVS shall ensure that a comprehensive program of reporting and audits is developed to measure GVS's performance against set goals and objectives, and that these are formally reviewed by GVS Management to ensure the effectiveness of the quality management system .

QUALITY POLICY STATEMENT

Continuous Improvement

The GVS Quality Management System shall be 'Hands On', focused and based on the following Five Principles:

- Focus on Operational Tasks
- Do it Right First Time
- Assess Risks and Prioritize Resources accordingly
- Knowledge Management is shared
- Accessible Empowered and Accountable Quality Team

SAFETY RULES

- 1 You are responsible for your own safety and safety of others.
- 2 Wear personal protective equipment necessary for the job.
- 3 Always use equipment/tools/machinery safely and properly.
- 4 Lift properly using your legs and not your back.
- 5 Keep your work area clean.
- 6 Wear appropriate and safe work clothing and footwear.
- 7 Report any unsafe conditions.
- 8 Clean up spills immediately.
- 9 Report all injuries.
- 10 No alcohol or drugs to be used or allowed on company property.

SAFETY CAPABILITY

HSE POLICY

It is GVS General Contracting Policy that accident prevention be a prime concern of all employees. This includes the safety and well-being of our employees, subcontractors, suppliers, partners and clients, end-users, as well as the prevention of wasteful, inefficient operations, and damage to property and equipment.

APPLICABILITY

This HSE Policy applies to all employees of GVS General Contracting , regardless of position within the company. The Safety Rules contained herein apply to all subcontractors and anyone who is on a company project site. Every employee is expected to comply with the HSE Policy, as well as OSHA Health and Safety Standards.

IMPLEMENTATION

HSE Policy supports six (06) Fundamental Means of maximum employee involvement:

- Management commitment to safety.
- Weekly tool box safety meetings at all job sites.
- Effective job safety training for all categories of employees.
- Job hazard analysis provided to all employees.
- Audio and/or visual safety presentations given at jobsites by GVS Manager.
- Various incentive awards for exemplary safety performance.
